MORRISTOWN, NEW JERSEY – Among the fastest-growing privately held companies in the United States, PharmaHEALTHLabs (PHL) has ranked 2655 on the 2021 Inc. 5000 list. The list provides a unique look at the most successful companies within the U.S. economy's most dynamic segment—its independent small businesses. Many well-known names gained their first national exposure as honorees on the Inc. 5000, such as Intuit, Zappos, Under Armour, Microsoft, and Patagonia.

They fuel our passion to exceed expectations when it comes to learning, innovating, and prioritizing their experience. Making the Inc. 5000 list for the second year in a row is a testament to our growth and our ability to deliver exceptional quality.”

“Among the elements that have contributed to our success, our company culture makes all things possible,” said Sanjiv Agarwala, MD, Managing Partner and Medical Lead. “Sharing in health, growth, and happiness in the day-to-day lives—both personal and professional—of the people we work with has allowed us to create a strong foundation of mutual trust and respect. As an Inc. 5000 honoree, we are encouraged to invest in our teams so that we can accomplish anything.”

Methodology

Companies on the 2021 Inc. 5000 are ranked according to percentage revenue growth from 2017 to 2020. To qualify, companies must have been founded and generating revenue by March 31, 2017. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2020. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2017 is \$100,000; the minimum for 2020 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to three decimal places. There was one tie on this year's Inc. 5000. Companies on the Inc. 500 are featured in *Inc.*'s September issue.
