

We are excited to announce that PharmaHEALTHLabs has ranked 2216 on the Inc. 5000 list!

MORRISTOWN, NEW JERSEY – PharmaHEALTHLabs (PHL) has earned the rank of 2216 on the 2020 Inc. 5000 list of fastest growing privately held companies in the United States. The list represents a unique look at the most successful companies within the U.S. economy’s most dynamic segment—its independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

“Our clients are our partners and our inspiration, the foundation of everything we do at PHL,” said Jennifer Harmon, President and Managing Partner. “Our growth over the past three years reflects that. We are dedicated to forging relationships built on mutual learning and intense collaboration with each and every one of our clients. Our clients place their aspirations in our hands, and in return we work to provide them with a personalized experience of care and innovation unmatched in the pharma life sciences industry. Making the Inc. 5000 list reaffirms that what we’re doing works.”

“Making the Inc. 5000 list also serves as motivation to stay true to our core values—from putting the client first to maintaining accountability, pursuing bold innovation to enabling each member of the team to be the best they can in both their personal and professional lives,” said Sanjiv Agarwala, MD, Managing Partner and Medical Lead. “These values are at the heart and soul of who we are as a company, and our team reflects these values in everything they do.”

Not only have the companies on the 2020 Inc. 5000 been very competitive within their markets, but the list as a whole shows staggering growth compared with prior lists as well. The 2020 Inc. 5000 achieved an incredible three-year average growth of over 500 percent, and a median rate of 165 percent. The Inc. 5000’s aggregate revenue was \$209 billion in 2019, accounting for over 1 million jobs over the past three years.

Methodology

The 2020 Inc. 5000 is ranked according to percentage revenue growth when comparing 2016 and 2019. To qualify, companies must have been founded and generating revenue by March 31, 2016. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2019. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2016 is \$100,000; the minimum for 2019 is \$2 million. As always, *Inc.* reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in *Inc.*'s September issue.
